giftcards.com / shop.giftcards.com, Oct'2022 – present

Built on Adobe Experience Manager (AEM) as backbone for the site, this project transforms legacy site. The legacy site is on WordPress and has scalability/multi tenancy concerns. Using AEM, the framework itself gives multi-tenant and multi-lingual support for site management. We are using core **html/JavaScript** and **React18** for frontend development, using storybook as a tool to test our components.
